SODOKU RULES

Each row, column, and nonet can contain numbers 1 - 9 exactly once.

• The sum of all numbers in any nonet, row, or column must match the small number printed in its corner. For traditional Sudoku puzzles featuring the numbers 1 to 9, this sum is equal to 45.

HOW TO PLAY

Connect two lines and alternate between players using different colors.

• The goal is to create a box by connecting four dots. Once you create a box you contine to mark them until you can't anymore.

• You play until you fill the page and the player with the most boxes wins the game!

SELF PORTRAIT

1

- Don't take yourself too seriously. Look at your reflection in a mirror.
- Place your drawing utensil on the paper and draw your reflection without looking away from the mirror or down at your paper.
- This will surely make you laugh. If you like this activity you can even do others, replace the mirror with a friend!

INSTRUCTIONS ON HOW TO MAKE A SIMPLE BOOK

You will need: sheet of paper, scissors and writing/drawing utensil.

Now you can fill it with your favorite quotes or doodles of food. The possibilities are endless.
